SPECIAL NOTICE TO NAVIGATION INTERESTS

Kaskaskia Lock and Dam, IL- Temporary Closure due to Flooding

1. All navigation interests are advised that Kaskaskia River Lock and Dam located at the confluence of UMRS River Mile 117.5 is now OPEN effective immediately. The lock and dam was closed from 25 April until 7 May due to river flood levels.
2. The Mississippi River water levels are still above flood stage in the region, so extreme caution is still necessary.
3. All navigation interests should be alert for, and abide by, any special instructions that may be issued by the Lock Operators in conjunction with locking thru and temporary mooring at the lock and dam.

FOR THE DISTRICT ENGINEER:

//S//

James M Hill
Assistant Operations Project Manager
US Army Corps of Engineers
Carlyle Lake/Kaskaskia River Project
